

REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)

96268

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 6,681,709, granted Jan 27, 2004 and for which a reissue patent is sought on the invention entitled Port Security Barrier System.

the specification of which

☒ is attached hereto.☐ was filed on _____ as reissue application number _____

and was amended on _____
(If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☐ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

U.S. Patent No. 6,681,709, which matured from application Serial No. 10/390,404, filed March 12, 2003, is believed to be wholly or partially invalid by reason of the patentees claiming more or less than the patentees had the right to claim in the patent. The error includes an inclusion, in claim 1, of the following limitation: "(v) an anti-kayak guard positioned below and attached to said longitudinal strength member, said anti-kayak guard preventing small watercraft from slipping under said port security barrier system into said port facility."

All errors being corrected in the reissue application, up to the time of filing this declaration, arose without any deceptive intention on the part of the Applicants/Patentees.
